Dear Mr. Davis:

As a financial markets executive encompassing specific knowledge of industry practice and expertise in Fixed Income, Capital Markets including Corporate Bonds, High Yield, Distressed and US Governments spanning 15+ years. Comfortable working independently and/or collaboratively with others as needed. A professional whom has successfully demonstrated leadership abilities and ease working closely with managers and other divisions helping to identify risks, offering responses and solutions. In addition, I offer:

- ▶ Proven success at identifying products, practices and processes that pose risks to investors and markets as demonstrated with my employment at ABC Securities as a Managing Director and Head of Fixed Income Trading generating **\$100MM+** during my tenure.
- ▶ Elocution and articulation easily engaging in discussions with representatives from a wide range of institutions, international regulators and academics having frequently informed and reported to **CEO** of ABC Securities.
- ▶ A proficiency in identifying risks to investor protection and market efficiency that may arise through current business practices and assessing the staff's current understanding of up to date business practices. Educating and training them if deemed necessary as I have done as the Head of Fixed Income Trading where I hired, managed and mentored a staff of **75** employees.

I would welcome the opportunity to meet with you and can guarantee that the strength of my experience, expertise and proven results will add measurable value to your highly esteemed organization. Thank you.

Sincerely,

Harry Hudson
