

FOR IMMEDIATE RELEASE

“Empire Medical Billing Incorporates Electronic Medical Records Service “.

QUEENS VILLAGE, New York (March 3, 2009) – **Empire Medical Billing Solutions, Inc. (EMBS)** a certified **HIPAA** compliant and a full service medical billing company specializing in electronic filing of insurance claims, patient billing – both primary and secondary, accounting, collections, cost analysis, benefits and practice management now offers **Electronic Medical Records** service or better known in the industry as **EMR**. **EMRs** are considered to be an important factor in interoperability and a better approach to documentation. Interoperability in healthcare as defined by Wikipedia “is the ability of different information technology systems and software applications to communicate, to exchange data accurately, effectively, consistently and to use the information that has been exchanged”. **Electronic Medical Records** offer improved documentation, increased efficiency, and reduction of document storage space and the expenses associated with it. The Obama administration announced last week that it has dedicated **US\$19-billion** of the stimulus bill to a nationwide transition to Electronic Medical Records in a display of the administration’s highest priorities.

Empire Medical Billing Solutions, Inc. has a staff of over 40 full time experienced medical billers working on doctor billing, medical collection and medical insurance appeals. They utilize the latest technology and techniques in the medical billing field to enable the participant an increase in reimbursements and reduction of incurred expenses associated with in house billing, training and staffing. In addition, Empire Medical Solutions prides itself on the peace of mind it offers whenever an office becomes too hectic or busy by assuring that there is a medical billing team who is always abreast of the financial end of the participants practice.
